

## CARBON MONOXIDE FUMES FILLED HIGH SCHOOL ROOMS.

Deadly Gases Were Sucked Into Ventilating System From Opening in Smoke Stack.

### WHERE THE BLAME LIES

Opening in Stack to Admit Exhaust Pipe From Engine Was Never Sealed and Dirt Accumulating on Screens Caused Draft From Stack. Victims All Recovering But Several Narrowly Escaped Suffocating to Effects of Their Experience.

Carbon monoxide gas coming from the furnace that was in operation at the new High School building yesterday caused the near tragedy which resulted in two teachers being overcome, a dozen students rendered unconscious and almost half the school made ill from the effects of inhaling the fumes. The poison gas, which was made possible primarily through carelessness during the installation of the heating system which consisted in failing to close an aperture through which an exhaust pipe entered the stack from the boiler, and partly through failure of the school authorities to prove or remove the gravity of the situation when the gas was first noticed. It happened because the gas in the cold air chamber had not been properly cleaned and did not afford a free passage. When this resistance through the screens became so great, the suction formed by the fan found less resistance from the four-inch opening in the chimney and drew the gaseous fumes into the ventilating ducts, carrying them into every room in the building.

Members of the School Board and others connected with the schools are today congratulating themselves that the affair, serious as it was, did not result fatally. There were several narrow escapes, but today all the victims are reported recovering rapidly.

The most serious case was that of Miss Helen Belle Irvin, daughter of Mr. and Mrs. S. T. Irvin of North Pittsburgh street.

Miss Irvin collapsed after leaving the school building and was unconscious until 2:30 yesterday afternoon, practically five hours. She was taken to the office of Dr. Hugh Baker and later removed to her home. This morning she is greatly improved, but still weak and unable to be out. Miss Mary McConnell, who was also in a serious condition for a time, is reported to be home today although she has practically recovered. Miss Anna Mary Marshall, whose condition for a time was regarded as critical, is recovering from the effects of her experience. Miss Marshall, it was stated, was not made ill by the gas fumes but suffered from nervous collapse, due largely to a weak heart.

At the High School building it was stated that the attendance today, while smaller than usual, did not show any unusual falling off. Several of those reported among the victims yesterday are in school today. Several School Directors had children taken ill. Among those reported ill from the effects of their experience were the two daughters of Dr. G. W. Gallagher, President of the board, Director C. H. Bailey's daughter, Director W. W. Smith's son and Director A. G. Fornaluk's daughter. Dr. Gallagher was among those of the Directors who knew of the complaint made last Friday afternoon that gas fumes were filling the building.

Had one or more fatalities resulted from the affair, and carbon monoxide gas is regarded as most deadly, although non-explosive, it is certain a storm of criticism tremendous and general in its condemnation would have been directed at not only the contractors, but members of the School Board and the faculty. There is a tendency to criticize the faculty for its failure to take action until the matter had become so serious as to cause teachers and students to become unconscious. For the past two weeks, and even longer, students have complained of headaches. Yesterday afternoon a number of them were on the verge of collapse. It is true the cause was then a mystery, but it is argued that the difficulty could have been located as easily Friday afternoon as on Monday.

Engineer John Patterson and Principal Coughlin Friday afternoon went through the basement in search of escaping gas but could find none. On Saturday and Sunday Engineer Patterson continued his search for the trouble, but to no avail. There was no trace of gas in the building. Borough Superintendent S. P. Ashe issued orders at 9 o'clock yesterday morning to have the windows raised, although ventilating engineers who installed the new system argued against this, claiming one open win-

Explains Cause of Yesterday's Near Tragedy at the High School—Carbon Monoxide Theory.

Chairman J. A. Armstrong, of the committee which had charge of the reconstruction of the High School addition, said today:

The trouble was that the screens had not been properly cleaned. I did not know they had not been cleaned at frequent intervals and I don't suppose any other school director would have known that they had not been cleaned. I was not aware of it until yesterday afternoon. I do not know who is to blame for the oversight in cleaning the opening in the stack. It is a little matter that I was not aware of until yesterday afternoon. I do not know whether the heating contractor or general contractor is to blame in the matter.

Carbon monoxide gas results from incomplete combustion. It is stated that a certain amount of the carbon monoxide gas is given off by all natural gas. What is important is that carbon monoxide and oxygen form in a closed room something happens and it keeps coming out. Carbon monoxide is a colorless, odorless gas. It is not known whether the heating contractor or general contractor is to blame in the matter.

Simply because one set of men owns the tools with which wealth is produced, while another set of men own them and there is an irrepressible conflict over the division of the product. The capitalist class owns the tools and the worker uses the tools he does not own.

The capitalist system is no longer adapted to the needs of modern society. It is outworn and fetters the forces of progress. Industrial and commercial competition are largely of the past. The handicrafting business on the wall. Centralization and combination are the modern forces in industrial and commercial life. Competition is breaking down and co-operation is supplanting it.

Steadily the number of class-conscious workers is increasing, and higher and higher rises the tide that is even now sweeping the workers of progress and civilization.

## Matthews Caught on Brimstone Corner

Much excitement prevailed for a short time on Brimstone Corner last evening about 8 o'clock when Constable Williams of Brimstone corner, assisted by Jim Ward, arrested Isaiah Matthews on a charge made by John Matthews of Brimstone corner. The information was made known months ago, since that time Constable Williams had had the warrant for the arrest of Matthews. He had been looking for him for some time. The best means of identification being a red spot on the end of his nose.

While walking near Brimstone Corner Constable Williams saw Matthews and while reading him the warrant for his arrest, Matthews tried to make his escape. Constable Williams caught him and took him to the station. Matthews was taken to the station and held there until this morning when he was taken to the county jail. ### PATTERSON AND BROWNFIELD

Charged With Not Turning Over to Their Clients Their Share of Money Awarded Them in Suits Against the Fayette County Gas Company. Charges in the Petition Denied by Morning.

Sensational and damaging charges which may result in the disbarment of two prominent attorneys of the Fayette county bar if not proved to be false were made in open court before Judge R. E. Umbel at Uniontown this morning when Attorney E. D. Fulton presented a petition on behalf of Frank and Julia Martin, Frank Sutor, Vinco Klesick and Gertrude Sutor, asking for a rule against Attorneys Leo B. Brownfield and George Patterson, who represented the Martins, Sutor, Klesick and Bodnar, as plaintiffs, collected the \$8,000.00 and gave to their clients only \$1,131.00. It is also alleged that Samuel Goldstein, an interpreter, who took the five plaintiffs to Attorneys Brownfield and Patterson, received \$100.00 of the \$8,000.00 in the hands of the persons for whom it was intended.

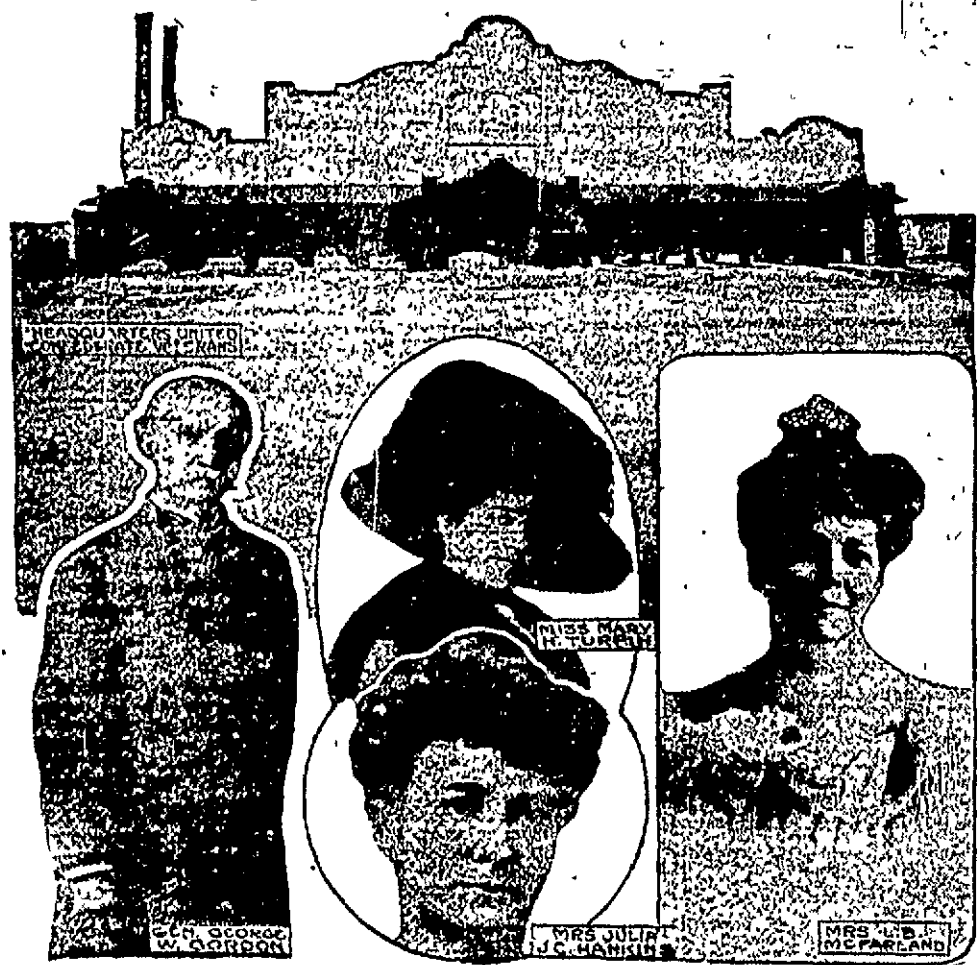

Attorney Patterson was in court this morning when Attorney Fulton presented the petition. He went up to the counsel's table and at the conclusion of the reading asked the court if he might make a statement. The request was granted. Attorney Patterson denied the charges in the petition. He said his clients or some of them would testify differently from the allegations of the petition. He also asked concession to permit Attorney Brownfield and himself to file an answer before the hearing which was set for 10 o'clock Saturday morning. Without issuing a rule, the request was also granted. At the conclusion Attorney Patterson stated that he really was only associate counsel in the cases indicating that if there really was any blame to be placed it should not be on him.

The petition alleges: 1. That on or about December 24, 1907, plaintiffs above named resided in a house of James H. Gray, William W. Marshall and G. S. Harsh, at Purdysville, Fayette county, Pennsylvania. 2. That plaintiffs Frank Martin and Julia Martin, his wife, were the lessees of said building with other persons who were boarders in the said Martin family. 3. That on or about December 24, 1909, an explosion of gas occurred in said house which resulted in the serious injury of the said Martin and his wife, the death of their minor child, the loss of some property belonging to them, and other persons who were seriously injured, shocked and otherwise injured.

4. Plaintiffs having been so, as aforesaid, seriously injured and damaged, sought legal redress for said injuries and the said Martin acting for himself and the other persons injured to Uniontown for the purpose of procuring redress for their injuries as aforesaid. 5. That while so engaged he met one Goldstein, an alleged interpreter, who informed him, that if he would it would be necessary to employ attorneys to pursue his legal remedies, whereupon the said Goldstein took him to the office of Leo B. Brownfield, Esq. and George Patterson, Esq. where he, the said Martin, stated the facts of the said explosion to the said Brownfield and Patterson. 6. Thereupon the said Brownfield and Patterson advised him that they had a cause of action for their said injuries against the Fayette County Gas Company, the company from whose lines the gas causing the said explosion, is alleged to have escaped. 7. That thereupon your petitioners employed the said attorneys, Brownfield and Patterson, to proceed against the said Fayette County Gas Company to recover damages for the injuries aforesaid, and authorized them to bring suit or suits necessary to recover damages for the injuries aforesaid. 8. That on the 10th day of April, 1910, the said Brownfield and Patterson entered suit for each of your said petitioners in the court of Common Pleas of Fayette county, Pennsylvania, at Nos. 28, 29, 30 and 31, June term, 1910. 9. That said suit was in the sum of \$10,000 in behalf of said Frank Martin and Julia Martin in the sum of \$4,000. 10. That said suits were so proceeded with that they were on the list of cases to be tried in the said court, for the week beginning on Monday, March 13, 1911. 11. That your petitioners had furnished to the said attorneys the names of witnesses who would testify to the facts of the said explosion, and had directed that subpoenas be served upon such witnesses. 12. That prior to the day when said suits were to be tried for the said petitioners (Continued on Fourth Page.)

### PURE FOOD LABELS.

They Were Used in Palestine as Early as the Year 550 B. C.

Professor George A. Reisner of Harvard university discovered among some specimens of earliest Hebrew writing in the excavations of the city of Samaria, in Palestine, a most interesting record of the first pure food laws in history. He also found ancient writings dealing with the first instance on record of the keeping of wines in a government warehouse under bond.

Dating back to the period of King Ahab, 550 B. C., these inscriptions are considered to be one of the greatest finds of the Harvard Palestinian excavations which delved into the city of Ahab and Samaria for three years. They found labels on wine and oil jars. These mention the year in which the wine was laid down in the cellars of the palace storehouse, and they state the vineyard from which the wine came, important facts that are recognized equally well by moderns today.

On the oil jars the label runs, "A jar of pure oil," with the mention of the district from which the oil came. The bits of pottery on which the descriptions were written were not parts of the jars, but were evidently intended to be attached to the necks of the receptacles, just as are labels or seals at the present time.—New York World.

"Twelve hundred, eh?" Fields asked, with interest.

### WHO IS TO BLAME

For So Many Sickly Children?

We hear of so many children who are thin, delicate, ailing and tired all the time, we are led to ask what is the cause, and who is to blame?

"Don't blame the children—they have no strength. They play hard, work hard at school and rapid growth takes all their strength."

It is the mothers of all such children who are to blame, for if they only realized what our delicious cod liver and iron tonic will do for their little ones, they wouldn't sleep at night until they had started them on Vinol.

Only a few days ago a case came to our attention—Mrs. W. H. Gilmore of Durand, Mich., had a little daughter nine years of age. She was weak, pale, ailing and nothing seemed to do her any good. She gave her Vinol and she began to thrive at once and gained rapidly in weight, color and strength.

We positively know Vinol will build up your little ones and make them healthy, strong and robust. Try a bottle and if you are not satisfied we will return your money. We make this offer to show you our confidence and belief in Vinol. Graham & Company, Drugists, Connelville, Pa.

### BACON RIDDLE IN WYE RIVER BED?

Detroit Doctor Digs For Conclusive Shakespearean Proof.

### FINDS GLEW IN FIRST FOLIO.

Quick, Sir, For a True Angle at Chops! "Stow!" is the Anagram He Finds Opposite Post's Portrait—Duke of Beaufort Interested, and Early Discoveries Are Encouraging.

General attention has once more been called to the ever green Bacon Shakespeare controversy by the news that Dr. Orville Owen of Detroit has begun extensive digging in the bed of the river Wye, at Chops, England.

Dr. Owen is not digging for treasure. Besides himself and the Duke of Beaufort, whom he has succeeded in interesting in his search, no one knows exactly the nature of his mysterious quest.

Seeks Bacon Proof. The doctor has declared, however, that he hopes to discover nothing less than indisputable proofs that Francis Bacon is the real author of the Shakespearean works.

It is asserted by some Baconians that Francis Bacon was the son of Queen Elizabeth and rightful heir to the throne and that he published works which he dared not publish under his own name, hiding them by the means of cipher in his plays, which were issued under the name of Shakespeare.

It is this cipher which Dr. Owen journeyed from Detroit to England to find. He has been laying his plans for over a year and has now succeeded in obtaining leave to make extensive excavations in the mud of the Wye, the property of the Duke of Beaufort.

Discoveries Enhance Interest. The work can be accomplished only at low tide, and the strenuous efforts of a dozen diggers have already produced results which the American doctor considers justify his search. A few logs of oak and a piece of cement have been raised from one of the numerous holes dug in the river bed.

One clue was given him by a Lincoln first folio edition (1623) of Shakespeare opposing his portrait. "It was for gentle Shakespeare cut," which can be transformed into "Sack, sir, for a true angle at Chops."

According to a London correspondent, Dr. Owen showed him the source of his information, which enabled him to locate the precise spot of the hidden manuscript. It is contained in a long scroll thirty-five feet in length and a yard wide, which at first glance appears nothing more than an agglomeration of printed letters and utterly meaningless.

### As Explorer Reads It.

If, however, the words be picked out in elliptical formation they form a group of sentences, such as "I filled up the shallow water with mud and beams," "I cut down all trees and turned the course of the river" and "Make a triangle of 123 feet deep north and 53 paces," which become plainly visible.

After a private conversation with engineers Dr. Owen, Dr. Prescott and a representative of the Duke of Beaufort decided to begin work on a much larger scale. A large cofferdam will be constructed, which will embrace the entire area covered by "the true angle."

### TOBACCO BLUNTS TASTE.

Smokers Must Have Highly Seasoned Foods, Warns Says.

"With the sense of taste atrophied by tobacco, men must have highly seasoned foods to tickle their palate, and the constant eating of such foods disables the individual from recognizing delicate flavors."

So Dr. Elizabeth H. Duon, instructor of anatomical research at Chicago university, told the Chicago Medical society. She added that 70 per cent of the sense of taste is lost by the habitual smoker over forty years of age. It makes no difference whether he smokes a pipe or cigars.

Strange revelations would occur to civilized persons were the senses of taste, touch and smell developed equally, she said, with those of sight and hearing. She said that in virtually all persons the senses of taste, touch and smell were either undeveloped or unused and that the dormant state of those senses was more marked in men.

### CLIPS HIS TOES FOR SPEED.

Arkansas Ball Player Thinks Their Length Hinders.

Probably laboring under the theory that Mordecai Brown, star pitcher of the Chicago National baseball team, gained his efficiency when a finger was snapped off by a threatening machine, Edward Griffith, who recently signed for the Fort Smith team in the Western association, has had his toes cut off to increase his swiftness of foot.

Griffith formerly was a Little Rock (Ark.) City league player of prominence, but found the abnormal length of his toes militated against attaining any kind of speed as a base runner and ultimately retarded his efforts to attract managers in the larger baseball circles.

### THE HALL OF FAME.

The House Passes Free List Bill

WASHINGTON, May 9.—By the overwhelming vote of 236 to 100 the farmers' free list bill passed the House last night amid Democratic applause. There were 24 Republicans voting for the bill on final passage, made up of the progressives from the middle west. Over 100 Republican amendments were rejected.

The Republicans voting for the bill were Anthony, Anderson, Davis, Kopp, Lafayette, Leinart, Leinbaugh, Madison Miller, Morgan, Morse, Mudd, Dock, Norris, Roberts (No-vada), Sweeney, Volstead, Warburton, Berger (Socialist), Helgesen, Allen (New York).

Before the vote could be had Mann moved to recommend the bill to the Committee on Ways and Means with instructions to amend it so as to provide for such countries not giving the United States equal tariff treatment with other nations. Speaker Clark overruled the motion on the ground that it was not germane in that the instructions were overruled when the bill was under consideration in the committee of the whole House. On an appeal from the decision of the speaker, on motion of Mann, all Republicans voted against the speaker, who was sustained by a party vote of 219 to 129.

## After Typhoid and Malaria

MR. C. J. SWANSON.

Twenty years ago I was taken sick with Typhoid and Malaria Fever, and for a time was at the point of death. As soon as I turned a leaf toward the better my physician prescribed Duffy's Pure Malt Whiskey, and it was just what I needed to build me up. I have also found it excellent for weak lungs and coughing and I am near the age of seventy, and will always continue to use it.—C. J. Swanson, 5140 Michigan ave., Chicago, Ill.

Duffy's Pure Malt Whiskey not only serves to keep the bodily health at the highest notch of excellence, but in typhoid and malaria, especially, when the bodily functions are at their lowest ebb and death seems imminent, it is retained by the stomach when other agents are rejected, and as a food and stimulant sustains life until the crisis is passed.

While convalescing after fever it is the greatest strength-giver and body builder known to science. It is a wonderful remedy in the prevention and cure of all throat and stomach troubles, and all wasting and weakening conditions.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicinal wine during the Spanish-American war.

Sold in SEALD BOTTLES ONLY by all druggists, grocers and salers, or direct \$1.00 a large bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

## Principals Meet at State College

The annual conference of the High School principals of Pennsylvania was held in the State College Auditorium on the afternoon and evening of Friday, May the fifth, in cooperation with the Pennsylvania State College faculty.

About forty principals from the High Schools of Pennsylvania, with a population between 4,000 and 11,000 responded to the invitation of the college.

The purpose of the conference was to bring the High Schools and the College into more intimate contact, to discuss the needs of the High Schools and the College with the quality and quantity of the work necessary for admission to the college and to discuss other problems which are of vital importance to both classes of institutions.

The conference consisted of an afternoon session and an evening session. The program for the afternoon session consisted of an open discussion of the best methods of training the High School student to study independently and systematically, the weaknesses of the High School with respect to preparation for college, and the relation between the record of the student in college, and the efficiency of the High School from which he came.

The evening session was devoted to a discussion of the merits of uniform entrance requirements for all colleges in Pennsylvania, the plan of study which should be included in college entrance requirements, and the relative weight of each and the certificate system of admission as compared to admission by examination only. It is believed that the conference has been a decided success in that it has brought to bear upon many important High School and college problems which have to do with entrance and efficiency in the future. George W. Gilmore, formerly of Connelville but now of Washington, Pa., attended the conference.

## B. &amp; O. EARNINGS.

In the Month of April Decreased to Between \$500,000 and \$600,000.

The gross receipts of the Baltimore & Ohio railroad for the month of April decreased between \$200,000 and \$300,000, but no net decrease is shown. The company announces that it can retrench considerably without any deterioration but will not do so unless business decreases to a greater extent.

Although April has usually been a better month for traffic than March, the reduction in expenses during April doubled that during March. The company has 100 locomotives ready for a substantial increase in business.

It is the prediction of the local officials that the railroad will pay a good dividend this year, regardless of the present rates.

## INEXCUSABLE IGNORANCE OR CRIMINAL CARELESSNESS.

The construction of the addition to the High School building has been the subject of a great deal of controversy and some recrimination, but the startling experience of yesterday prove pretty conclusively that the plumbing and the planning of the building were inexcusably ignorant or criminally careless.

The products of furnace combustion were freely mingled with the fresh air of the ventilating system and by the latter carried through every portion of the building. One of the products thus circulated among the children and teachers was the infectious and deadly carbon monoxide gas. The members of the School Board of Conneltsville have reason to congratulate themselves that the victims of these conditions are alive today.

It is the present duty of the directors to bring to book the plumbers who installed the ventilating and heating system and the architect who either planned such a murderous condition or so far neglected the duty of inspection as to permit it to occur. The Building Committee should likewise tell the board why its contractual chairman and members failed to see or appreciate such a menace to the safety of the pupils and teachers. The superintendent and head teachers might also explain why, after this condition had existed for several days and the children complained of the bad air and the headaches it gave them, they did not lay the matter before the Directors generally and the members of the Building Committee particularly.

The public school system of Pennsylvania is distinctly paternal. The attendance of children is compulsory. They are forcibly torn from their parents by the State which undertakes their education up to a certain limit of intelligence deemed necessary to the public welfare. It, therefore, becomes the solemn duty of the State's paid agents, the teachers, to carefully guard the health and the morals of the children while under their care, and it is an official obligation of the School Board to disavow from the ranks of its teachers any who neglect such duties.

We four there are too many accidents in the Conneltsville School Board. When the next election occurs the people had better see to it that a few more Netherlands are not upon the Wall of Reform to build it broader and higher against the invasions of Petty Interests.

## TAKING THE JUDGMENT FOR THE FEE.

The charge against two Fayette county attorneys, that they have retained excessive and exorbitant fees for the collection of damages for foreign workmen injured at the hands of the law of the country is a serious one. If the allegations of the complainants are correct the enterprising attorneys didn't exactly "take the judgment for the fee," but they came mighty close to it.

Under the rules and customs of the courts, attorneys are permitted to charge very liberal fees to clients and the bench seldom interferes in this branch of the bar's business, but it has done so whenever it seemed that extortion or imposition had been practiced. The difficulty usually is to get another lawyer to undertake the case of such a client, and when he does go the case is usually either very flimsy or there is behind it some personal feeling.

The presence of either or both elements in this case, and their extent, will doubtless be determined upon the hearing of the charges. It looks as if the defendants had much to explain, but The Courier will defer its judgment until all sides are fully heard.

Myersdale wants a detachment of State Constabulary to regulate the Unfortunate Citizens who have arrived via the Western Maryland and Sand Patch tunnel improvements. Perhaps if Myersdale, which is proudest considerably by the success of its railroad activities and their employment, will employ another policeman or two it will be able to increase its prestige and dignity without the aid of the State Constabulary.

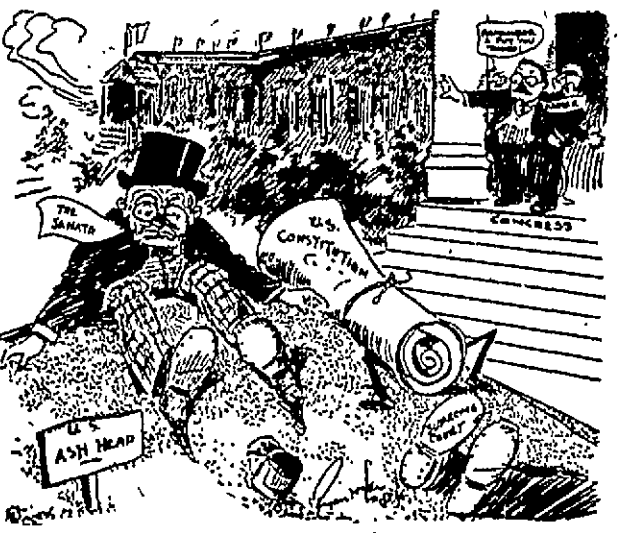

It looks as if the Henders family had started something in a way which it can't stop, and the matter gives us pause. Perhaps this peculiar characteristic of the Henders race is what makes it necessary to have a Dixie.

Thomas Deas is a man of charming manner and winning eloquence, and he has done much to make socialism a theory of government popular. Socialism is a Deas phenomenon. It is not only a human race but a Deas race, and it is a Deas phenomenon that makes it necessary to have a Dixie.

To walk on the railroad track is dangerous, but to sleep upon it is dangerous.

Regular boarders at the City Hall are very properly discouraged by the borough authorities. Lavish hospitality encourages undesirable guests to stay overnight.

The rebelling on ore discovered by the Cleveland mine seems to be an ancient and established practice which has been abandoned.

THESE REFORMERS!  
Socialist Congressman Berger wants to do away with the Senate, the Constitution and the Supreme Court.—News Item.

## SERIOUS CHARGES MADE.

(Continued from First Page.)

were notified that it would not be necessary to appear with their witnesses at the time set or trial, as they, the said attorneys, had agreed upon a settlement with the Fayette County Gas Company.

12. That the terms and condition of such settlement were not discussed with petitioners, nor with either of them, but were made by the said attorneys upon their own authority and responsibility.

13. That when petitioners came to the offices of the said attorneys for the purpose of closing up the matter, they inquired of the said attorneys what sums of money they had received from the said Fayette County Gas company in settlement of the said cases, whereupon the said Brownfield and the said Patterson failed, neglected and refused to disclose to them the full amount received by them, and answered your petitioners' inquiries in that matter evasively and in a manner calculated to lead petitioners to believe that they had received only a small sum in settlement of the said cases.

14. That the said Brownfield and Patterson, representing to your petitioners that they were paying to your petitioners such sums as were due them out of the settlement of the said cases, and that they, the said Brownfield and Patterson, were retaining for themselves only a reasonable fee, paid over to the petitioners as the full sum to which they were entitled out of said settlement, the following amounts:

To petitioner Frank Martin and Julia Martin, \$250; to petitioner Gerald Rodmar, \$75; to petitioner Frank Miller, \$100; to petitioner Vince Sclawik, \$150; making a total paid to your petitioners of \$575.

Out of this sum your petitioners were required to pay to said Goldstein, the interpreter aforesaid, who took them to the said Brownfield and Patterson, the sum of \$100, leaving a total of money received by your petitioners for the injuries aforesaid of \$475.

15. Since receiving the said sums of money from said Brownfield and Patterson in full settlement of said cases, your petitioners have been repeatedly informed that the said Brownfield and Patterson had received from said Fayette County Gas Company, the settlement of the cases of their clients, your petitioners, the sum of eight thousand dollars (\$8,000.00); and that said Brownfield and Patterson, concealing from your petitioners the fact that they had received this sum, deceived your petitioners in making the payments as aforesaid set out, and fraudulently and with intent to deceive your petitioners retained unto themselves the difference between the said sum of \$8,000.00 as received by them and the said sum of \$475 paid over to your petitioners, to-wit, the sum of \$7,525.00 that the conduct of the said Brownfield and Patterson toward your petitioners was not in good faith, that they did not with good conscience represent the interests of their clients, your petitioners, and the deception practiced upon your petitioners in the handling of the money by the said attorneys, collecting for their clients, your petitioners, was fraudulent, unconscionable, in bad faith, in violation of the duty and obligation existing between attorney and client, and greatly to the injury and prejudice of the rights of your petitioners.

## SMITHFIELD.

SMITHFIELD, May 8.—Jerry Jones Post No. 54 G. A. R., held an interesting session Saturday afternoon. The arrangements for Memorial Day were perfected. The usual custom will be observed, that is after the services in the morning, the procession will take place, and march to the Baptist church, where the speaking will take place. There was a disposition to develop to depart from this custom by holding all the services in one of the cemeteries. A motion to the effect, after being warmly debated, was one to hold the speaking in Weaver's cemetery, after the exercises in the cemetery. Commander A. J. Smith, after appointing Mr. Commander Samuel Wilson as marshal of the day, named the following committees:

On instrumental music, Hayes Gankitt; on invitations to Sunday school, A. J. Smith; on decorations, A. J. Smith and G. M. Campbell; on vocal music, James Lowe; on reception of speakers, L. G. Smith.

A proposition of Comrade N. H. Young of Ft. Marion, to bring his Boys Brigade here on that day was accepted. The Quartermaster was authorized to furnish each Sunday school pupil that marched in the parade, a small flag.

The application of Henry Reese, an aged veteran of Fairbault, was favorably acted on, but he was not present for the matter to be acted on. He is 73 years old, and served in the 5th Tennessee Volunteer Infantry in the civil war.

W. A. Tibbs of Tipton, Ridge, attended the Post meeting Saturday.

James Porter of Springfield, Pa., was a business visitor Saturday.

Rev. Broderick of Morgantown, W. Va., was in business Saturday.

## Humbert leaves today for Austin, Texas, where he will assume the duties as inspector for the postoffice department to which he was recently appointed from assistant postmaster of Uniontown. Mrs. Humbert will join her husband at Austin in about two weeks, at which place they will make their future home.

The Federated Bible classes held their regular monthly meeting in the M. E. church Sunday afternoon. The meeting was well attended and the exercises interesting and instructive. The next meeting will be held at 2:00 P. M. in the Presbyterian church, the first Sunday in June.

Charles Mathis of Uniontown, spent Sunday in the borough.

Perry Balminger passed through the borough Saturday evening with a pack of hounds in his car, where he expected to give Raymond a chase.

Dr. Ormer Vernon of Dunbar, was calling on friends in the borough Sunday.

Miss Pearl Mathis attended a musicale at Morgantown, W. Va., Tuesday night.

William Morgan of Morgantown, spent Saturday night and Sunday in the borough.

Frank Riles and wife of Guntersville, were the guests of relatives in the borough Sunday.

It is the Ladies Aid Society of the Baptist church that will hold a food sale in the L. O. O. F. hall on Memorial Day, and not of the Methodist church as we had it in a recent issue.

## You Get the Odd Change

The new, Regal, "square-deal" method of pricing shoes at COST PLUS FIVE PER CENT. gives the buyer the benefit of many "odd change" prices.

For example, if the manufacturing cost of any pair of Regal Shoes, with 5% profit and selling expense added, comes to \$3.85, you get that shoe at \$3.85—not at the old, traditional, \$4.00 price.

The Regal Company has abandoned the old-fashioned idea that good shoes always must be sold at "even money" prices.

Prices range from \$3.35 to \$5.85 and are stamped on the shoes at the factory.

## ROYAL ARCANUM PAYS OUT MUCH.

Delegates Left Scottsdale This Morning for Easton Meeting.

NEARLY \$13,000 DEATH CLAIMS

New Sidewalk Along Arcade Property Interest Citizens—Yesterday Was Bad One for Indoor Workers—White Wings vs. Blue Bird—Other Notes.

Special to The Courier.  
SCOTSDALE, May 9.—District Deputy Walter J. Schaffer and Delegate Walter J. Canlin left for Easton this morning to attend the convention of the Royal Arcanum Grand Council. Scottsdale gets two representatives as Mr. Schaffer is a member of the Grand Council, having in charge the organization through here. During the months since last July the Royal Arcanum in Scottsdale has paid out nearly \$13,000 in death claims here. Last August they paid on the death of Joseph R. Stuffer, \$3,000, then a few months later at the death of George H. Shupp, \$2,000. Then in January when David Percy of Connellsville died another claim of \$2,000 was paid. \$1,500 having been paid the month previous at the death of E. L. Brinkley, and in March at the death of Col. J. Caldwell Morrow a \$3,000 policy was paid. The Royal Arcanum is an old and established organization in Scottsdale, as is shown in a way by the fact that all those named were among the earlier citizens of town. Mr. Schaffer before his return will also attend the Old Fellows convention at Wilkes-Barre.

Straw Hats Bloomed.  
The letter carriers bloomed forth in their new straw hats yesterday, a hat of an olive green tint, with auto ventilators cut in the sides, so that the heat of the weather will not get an ailing Deputy Pyle seems to have blossomed with the second straw hat among the civilians, as Dempsey was seen passing along the street with a straw pile on his head. S. Alex. Lowe was the first among the lady to wear a straw lid, having emerged last week with one.

"The High School Girls."  
A classy burlesque company at the Soloson theatre Friday, May 12. Seat sale opens today.

New Sidewalk.  
A great deal of interest was manifested yesterday by the usual Monday travelers over Pittsburgh street when they saw a workman engaged in digging up the pavement of the lot on Pittsburgh and Spring street, in front of the Arcade. The signs are that the place is to be given a new sidewalk, the foundation for the concrete having been put in for several feet. The work is also to be laid out along Spring street. It is said, and when completed will be the longest section of walk put down by any one citizen this year.

Was a Hot Day.  
Yesterday was the hottest day this season in the hills about Scottsdale, and the close, humid air tries the strength of the workers greatly. Ser-

ent played out under the close heat, and all of them agreed that it was the worst day of the season thus far. Out doors the air was pleasant and warm enough to scatter the germs of spring fever about.

People Disappointed.  
The failure of The Courier to arrive at 5 o'clock as it is the custom was responsible for disappointment with many people yesterday, and telephone calls to T. H. Rutherford, the agent, came in great numbers. The accident which prevented the paper getting over earlier was very disappointing to the readers.

Palmist, Scottsdale.  
Miss Louise St. Germaine, hours 10 to 5, 1111 House, Room 5. Will remain until May 21.

The Blue Bird Out.  
It is not really a white wing that cleans Scottsdale's streets, but a blue bird, since the cleaner wears blue jumpers and overalls. He was out with his little push cart yesterday, cleaning up the paved streets. Merchants along Pittsburgh street say that they think that the blue bird ought to be on the street every day, as the street is the main one of town, the most used by the people, and hundreds of dollars worth of goods are ruined by dust blowing on them, that might otherwise be saved if the street was kept clean.

FOOD IN SERMONS  
Feed the Dominie Right and the Sermons Are Brilliant.

A conscientious, hard-working and successful clergyman writes: "I am glad to bear testimony to the pleasure and increased measure of efficiency and health that have come to me from adopting Grape-Nuts food, as one of my articles of diet."

"For several years I was much distressed during the early part of each day by indigestion. My breakfast seemed to turn sour and failed to digest. After dinner the headache and other symptoms following the breakfast would wear away, only to return, however, next morning."

"Having heard of Grape-Nuts food, I finally concluded to give it a trial. I made my breakfast of Grape-Nuts with cream, toast and Pontium. The result was surprising. In improved health and total absence of the distress that had, for so long a time, followed the morning meal."

"My digestion became once more satisfactory, the headaches ceased, and the old feeling of energy returned. Since that time I have always had Grape-Nuts food on my breakfast table."

"I was delighted to find also, that whereas before I began to use Grape-Nuts food I was quite nervous and became easily worried in the work of preparing sermons and in study, a marked improvement in this respect resulted from the change in my diet."

"I am convinced that Grape-Nuts food produced this result and helped me to a sturdy constitution of mental and physical strength."

"I have known of several persons who were formerly troubled as I was, and who have been helped as I have been, by the use of Grape-Nuts food, on my recommendation. Grape-Nuts food, Pontium, Company, Battle Creek, Mich."

Read the little book, "The Road to Wellville," it plays "There's a reason."

## CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Grantville, Va.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forgot to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. GRAS, BALCLAY, R.F.D., Grantville, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

"The Best in the World"

As the bride led her friends into her cool, spotless kitchen, they broke into a chorus of approval.

"Well, I am proud of it," she said, "and proudest of all of my stove. It's a New Perfection Oil Cook-stove, and I think they are the best in the world. They toast, roast, broil and bake equally well—really to perfection—and the kitchen stays much cooler and cleaner than with any other range. This stove cuts my kitchen work almost in half."

There is no wood or coal to carry for a New Perfection; no ashes to clean up. It is ready for use as soon as lit; out at a touch of the fingers—economical as well as quick and convenient.

Made with 1, 2 and 3 burners, with hot, incandescent blue enamel chimneys. The beautifully finished top. The standard 3-burner stove can be used with a cabinet top, which is fitted with deep shelves, towel racks, etc. Dealers everywhere, or write for descriptive circular to the nearest agency.

## Criminal Court in Westmoreland

GREENSBURG, May 9.—The May criminal court list, featured with five charges of extortion and one of misdemeanor at coterie against Sheriff John F. Shields and six murder cases, was begun before Judge L. W. Doty and A. D. McConnell, Monday morning. One hundred and forty-six cases are listed, but a few more than that will pass through the court, they being added after the making up of the schedule.

Monday morning's work consisted mainly of minor cases, the instruction of the Grand Jury and the receiving of the Constables' returns, and the handing down of a few decisions on matters.

George Eyring, clerk of this city, was appointed foreman of the Grand Jury, when that body was instructed by Judge Doty at the opening of court. Sixteen of the 24 chosen reported for work, they being W. B. Brinker, M. Pleasant township; James Baker, North Huntingdon township; John Bridges, Unity township; Frank Chambers, Unity township; George Eyring, Greensburg; J. E. Kurtz, Donnell; J. D. Kelley, Scottsdale; H. M. Kissel, Ligonier township; Alex. Lench, Hempfield township; D. M. Mencher, Ligonier; C. J. McIlwain, Greensburg; J. W. McKown, Salem township; Addie Rumbaugh, M. Pleasant township; Robert Shardon, Ligonier township; W. P. Stillwagon, West Newton; L. H. Young, Smith-ton.

Judge McConnell received the Constables' returns, they appearing before him.

The aggravated assault and battery case of Steve Pakush against Andy Hryzo, of Latrobe, was the first suit taken up, it coming before Judge Doty. It was alleged by Pakush that Hryzo had beaten him, but the jury found the man not guilty. The costs were, however, divided.

Edith Fuhr, of Monaca, was prosecuted by Clarence Koonce, married, in a charge of fornication and bawdery in the second suit before Judge Doty. She alleged that through relations by Koonce with her while she served as a domestic in the Koonce home, she became mother of a child to the man.

The prosecution took the most of the morning. Miss Fuhr was attacked strongly by the defense. Once she was asked if she had not been in a house of ill repute in Pittsburgh for a time. To that she did not reply. Koonce was in court, accompanied by his wife and one child. He has three children.

An assault and battery suit by Clarence W. Shepp against David Hantman, of Irwin, was the first before Judge McConnell. It was alleged by Shepp that Hantman hit him severely about the face in a fight in front of an Irwin hotel, some weeks ago.

Papers in the cases of the Greensburg and the Liberty Distilling Companies, the latter of Armbrust, were handed down by Judge Doty at the opening of court.

The application for license of the Greensburg Distilling Company was withdrawn upon motion. The opportunity for the same move was given the other company.

Ex-Chief of Police Joseph Bomer, of this city, was appointed night watchman for the Jeannette Glass Company.

Jeremiah McDonough, William Lanning and Charles McKinnon were appointed deputy constables for Hempfield township.

The following were handed down: D. H. Stille & Company vs. Frank Virgil, non suit struck off; Pennsylvania Underwriters Company vs. George S. Bowers, rule discharged; Thomas W. Forrester vs. Harry K. Caldwell, new trial refused; W. P. Golsen vs. Newton R. McKean, judgment for plaintiff; Weller & Perrin vs. Jim Nemeth, rule absolute; W. H. Merritt & Company vs. McFarland Supply Company, conditional order; Steven Matunak vs. Thomas J. Kiskin, new trial refused.

## The Hunter Bill Loses in Senate

HARRISBURG, May 9.—The Hunter Pittsburg-Senator charter bill went down to defeat in the Senate last night for want of a constitutional majority. Supporters of the measure could muster only 21 votes, just two short of enough to pass it. Seventeen Senators voted against it. Of the Allegheny county Senators, two voted for the bill, three against it and one was absent. An attempt will be made to have the bill reconsidered today, when all Senators are present and a fight made to pass it. Among the absentees are several who, promoters of the bill claim, will vote for it. They insist that there will be no trouble getting it through.

The House last night defeated, for the second time, the bill to vest control of church property in such authorities as are provided in denominational regulations, the measure lacking four votes of a constitutional majority.

The House passed finally the bill requiring unnaturalized foreign-born residents to take out a fishermen's license.

The House adopted the Mansion resolution of April 25, providing that the governor appoint a commission of five citizens to study European mining laws and draft a code for Pennsylvania.

Among bills reported from committee was the Senate bill to provide a system for State license of brewers

At a meeting of the Uniontown tent of the Knights of the Maccabees, which was attended by S. A. Coughenour, record keeper of Yough Tent, and a party of eight from Connellsville last evening, a number of interesting matters to the tent came up. A party of nine members from the Uniontown tent will attend the convention of the Order to be held in Pittsburg on June 6.

An invitation was extended the Uniontown tent by the Connellsville delegation to participate in a picnic to be held under the auspices of the Yough Tent at Shady Grove park on July 19. Invitations will be extended to Point Marion, Confluence, Brownsville and Scottsdale tents to be present at the picnic. The Ladies of the Maccabees will also participate in the event. Fifty dollars in prizes will be awarded for various athletic events and the afternoon of the picnic will be featured by a ball game between members of the Connellsville and Uniontown tents.

## A MAY PARTY.

Miss Daniels Will Give It For Her Pupils.

Arrangements are being made for a May party to be held Saturday at Reidsville by Miss Mabel Daniels, teacher of grade No. 6 of room No. 6 of the West Side school, and her pupils. The party is the result of a spelling contest which was held last Friday afternoon, the girls spelling against the boys.

The agreement was that the side winning the contest was to be given a May party and the losing side was to furnish the lunch. The boys lost and as the result will furnish the lunch for the girls. A grand time is anticipated and Saturday is eagerly looked forward to by the students.

Ladies Will Entertain.

The ladies of the First Baptist Church are arranging for an entertainment to be held on May 18.

## Instant Relief for Indigestion

15c.

Dyspepsia, Gas, Acid Stomach, Heartburn or any other stomach ailments as soon as a KEENE'S CHARCO-PEPSIC tablet is dissolved in your stomach.

Stomach specialists all over the world pronounce KEENE'S CHARCO-PEPSIC tablets because they keep your stomach in grand shape, no matter what ails you—dizziness, stomach headache, bad breath, spotty skin, lack of energy, blue discouraged feeling—all due to out-of-order stomach.

Mrs. C. Ware, Hyde Park, N. Y., says: "The slightest thing upset my stomach. I dared not eat even fresh bread. I took one of your Charco-Pepsic tablets and now I can eat pie, lobster, chicken, hot apple and the most indigestible food without the slightest discomfort."

You have never tried anything like Charco-Pepsic. It is the new stomach treatment adopted by the leading physicians of the world. It filters the impurities from the blood and creates copious gastric juices, the stomach receives the food and the food is digested in the stomach, the Pepsin in each tablet will digest a meal, the Magnesia neutralizes the acid and has a mild laxative effect, and the ginger-ale as a final tonic! Nothing harmful! Children can eat them by the dozen. Tastes like candy!

15c and 25c at all druggists.

Supplied FREE to hospitals, poor people and charitable institutions.

GEORGE RANDOLPH CHESTER.

## INTRIGUE

A lean little man with eyes as sharp as steel needles suddenly whipped a knife from his belt and stabbed the tinner in the throat. He fell without a groan. Those around him only laughed, but order was obtained.

"This is business in the name of liberty and equality," commanded Blagg. "Hold yourselves in restraint. Remember that we came here to get a billion and a half of dollars for the cause. Every one of you must help us to carry it from here, and remember that we have all sworn to kill the first man who tries to make a profit out of it or to appropriate a dollar to his own use. After we have established equality and fraternity then every man may do as he likes, but tonight we must act for the commonwealth. Come forward as your names are called."

They came to him as he called until he had named a score.

"That is all for now," he directed. "The rest of you wait here in your detachments of tens until you are called from below."

Lillian had stood at the side of the speaker, her hand upon the knob of the little door which led into her grandfather's room. Now Blagg jumped down from the table to her side, and together they threw open the door. Lillian broke out instantly into a shrill laugh.

"Why, look who's here!" she cried. "It isn't my dear old friend, Mrs. Rensselaer?"

Mrs. Rensselaer stopped back from her vain attempts to bolt the door. With her gray hair and her neat gown and her calm dignity she overcame Lillian for a moment, and then anger came as a natural reaction.

"Why, how delightful!" said Lillian, with mock suavity. "Mrs. Rensselaer, you must come out and let me introduce you to some of my friends. Ladies," she called, "I am going to turn Mrs. Rensselaer over to the reception committee."

The women, hideous travesties of their sex in all their grim frowns and excitement, grinned and pressed forward.

"This is Mrs. Rensselaer," continued Lillian, dragging forth her many years' companion. "She is the last lady of one of our very oldest families. None of her ancestry has worked since America was a nation. Her nephew is General Rensselaer, who is commander in chief of the army of Emperor Kevlin, Philip II. I know you will enjoy her society."

A mere slip of a girl, thin and formless, but whose face already bore the unmistakable traces of living death, laughed a shrill laugh and with a snarl cap that had once been a boy's slapped Mrs. Rensselaer across the face.

Flushing crimson with the indignity, Mrs. Rensselaer turned to Lillian, but she had neither time to protest nor need of it, for Lillian, obeying another of the sudden tigerish impulses to which in the past week she had yielded, had given herself changed her attitude completely and with blinding eyes rushed between Mrs. Rensselaer and her tormentors.

"That will do!" she cried. "Mrs. Rensselaer was my friend for a great many years and treated me more patiently than I deserved. She is my guest now and must be respected as such. Mrs. Rensselaer, sit here," and she seated her one thin social tutor and sponsor behind the library table in the chair that Reed had lately vacated. "Waiter! Gasquet! Williams! Harvey! Perot! Green! Stand around this table and protect her from any further insults in my name! As for you"—and she turned to the young woman who had slapped Mrs. Rensselaer; her eyes narrowed and grow cold as she confronted the girl—"take her out and throw her in the lake," she directed.

Two men, laughing cruelly, seized hold of her and began dragging her toward the door.

"But I can't swim!" shrieked the girl.

"That's why I am having you thrown in the lake," said Lillian coolly. "The rest of you will take note by this that Mrs. Rensselaer is to be protected."

She started back toward the door of the smaller room. The girl, struggling against the two who had her in charge, suddenly burst into a stream of vituperative profanity so violent that even Lillian, leered as she was by the past week's experience to language of the sort, shuddered.

"I must have your rings and your brooch, I think," Mrs. Rensselaer said she, and, swiftly seizing behind the table, she disengaged the diamond cluster from Mrs. Rensselaer's throat and stripped the rings from the trembling fingers. Even as she did this her mood changed again, and she whispered, "It is the best thing for you." Taking the jewels in her hand, she cried, "A gift from aristocracy to equality and fraternity!" and she tossed them in the air.

A hundred hands reached for them as they came down, and a clamor of excited voices told how popular that action had been.

"Come on," she said, "we have work to do." And, followed by Blagg and his score of picked men, she hurried through the little rear room.

They found the closet door open and its rear wall pushed back, revealing the narrow secret staircase. Blagg and the others hurriedly descended this. Lillian at the head, and turned into the wide ornate vestibule where an

electric light was already burning. Lillian dropped down before the combination knob and turned it carefully backward and forward several times.

"I feared so," she said to Blagg, who knelt beside her. "The combination has been changed!"

Blagg took the knob in his long, sensitive fingers and, not looking at it, bent his ear close to it, while Lillian laid her bare arm loosely across his shoulders. He turned the knob slowly and gently, he stopped and turned it backward, slowly and gently, and then smiled as he got the ring of the door a cluck and pulled. The door came open.

"It's a good thing that I practiced those long, long hours every night on that simple knob in my room upstairs," he said as he went on to the next one. "I don't know but with remarkable skill, he worked his way through the four iron doors until, with Lillian by his side, he had thrown the last one open, and there in the vault, with a great pile of gold and bills scattered thickly about him, with his robe and crown still on and his scepter in his hand, stood Henry Breed.

"Cash!" he cried. "Cash! The greatest force in all the world! The great social dynamo! The golden lever of Archimedes! Cash! Cash! your master, Cash, loyal subjects, and your master's master, the King of Cash!"

"Grandfather," said Lillian, hurrying to him, "come with me. We want to put this money away, and lock it up so no one can get it. See, you have left all the doors open!"

The babble of voices from the upper part of the house caused him to straighten up, and his dim old eyes grew wide.

"Hush! They are coming!" he said. "They shall have it!" he suddenly screamed. "It is mine! Mine! Mine, dollar of it!"

He rushed toward the door to close it, but he stumbled and fell upon the floor and lay quite still.

As soon as Henry Breed was carried out there was room for the full score of men in the big vault, and Blagg called them all in by name, each one as he came forward, leaving two long brown sacks from about his middle.

"Gather up the money from the floor first," Blagg directed, "then take the drawers systematically, beginning at the bottom and working up."

He eagerly then began filling their sacks with many exclamations of animal gratification as the silken feel of the paper and the metallic touch of the metal slid through their fingers.

In the house above the gentlemen and ladies of equality and fraternity had hurried out the stores of food and liquor. Those dispatched, they swarmed over the house like rats, seeking what they might pilfer or destroy. They searched with almost whining eagerness in every nook and cranny large enough to conceal human life. They hunted not for Zelebach, but they did find Jens, and he faced them and fought and died standing, as he had preferred.

Had he remained concealed for but a few brief moments he might still have lived, for there came suddenly upon the big gray house a new and a terrible sound, being by swift, standard engines that swept upward along the wide curving driveway almost noiseless, except for a rush and a whirl. Out of the purring silence they burst upon the rubble outside with a sharp rattling hallooming of leaden death.

Kevlin and his squad of Ayres Gatlings had arrived, and close behind him trotted the detachment that had been bronckaded nearest the gates. He moved down men as if they had been weeds. Statuettes men in khaki carried a Gatling and planted it in the bright glare, pouring its deadly blight back into the hall. They set it up next at the library door and swept that room as bare and clear of living humanity as if a flood had washed it out, while the men in khaki swarmed through the house, pursuing the followers of Blagg into bloody corners and exterminating them as if they had been vermin. A detachment, with Rensselaer and Kevlin in the lead, stopped over the ghastly, buddled heaps in the library, hurried back through the little room and poured down the narrow secret staircase. As they had swept through the library Rensselaer had caught a brief glimpse of a gray haired woman in a black silk gown, with her head upon her folded arms, sitting at the table, but the picture was confused with others of its riddled and useless kind, and he hurried on ahead. Kevlin had promised himself to be in the lead as they went down the stairway, but as he turned into the closet entrance a huge black form thrust itself in before him, and Sam led the way, unarmed except for the formidable weapons with which nature had provided him.

The greedy gardeners of Breed's golden harvest were taken by complete surprise. They turned from their tasks as the men in khaki streamed in upon them, but their weapons had been laid aside, and they had only bags of money with which to fight, and these were heavy.

Lila, upon the whole, is far more pleasant than painful, otherwise we would not feel pain so impatiently when it comes—Lila Hunt.

## The News of a Day in Brief

### Up and Down the Morgan Valley.

OWENSDALE, May 8.—William Rankin and son, Oakie, of Connellsville, were visiting relatives here over Saturday.

Mr. and Mrs. Henry Ottenberg and daughter of Scottsdale were visiting relatives at Meadow Mills over Sunday.

Mr. and Mrs. Henry Robb and family were visiting relatives at Meadow Mills over Sunday.

Augustus Ottenberg and family of Adelaide were visiting here over Sunday.

Albert Robbins, the Daily Courier correspondent, has returned from a trip through the Golden West. He was accompanied here by his cousin, Miss Edna Mannagan, of Van Buren, a suburb of Findlay, O.

Mrs. H. B. Robbins and son, Cecil, are visiting relatives at Monaca, near Greensboro.

Mr. and Mrs. F. M. Conley and daughter, Miss Maud, were visiting here yesterday.

Miss Christina Muir is visiting at Star Junction.

Joseph J. Newkirk of Walnut Hill was visiting his daughter, Mrs. John Cowan, here Sunday.

Miss Belle of Gettysburg was visiting relatives here Sunday.

Miss Jennie Stuckelback of Scottsdale was visiting at natives here Sunday.

Miss Kathryn Rush is suffering from an affection of the bone of the left arm.

Federick Ottenberg is among those on the sick list.

John Dougherty of Upper Middletown, while on his way to visit relatives here Saturday, stepped between the tracks and the grand rail of the Pennsylvania railroad at Meadow Mills. He fell and broke his left leg just above the ankle. He was taken to the Cottage State hospital, Connellsville, by Dr. B. Robbins and Edward Boyd. The accident occurred about 9:30 Saturday evening.

Allen, the baby son of Mr. and Mrs. Michael DeWalt, is in the Mt. Pleasant hospital suffering from a serious attack of spinal trouble.

The Morgan team pedaled to Scottsdale Saturday and beat the Scottsdale Keystones by the score of 15 to 10 in a dull and lifeless game. This is Morgan's first game together this year, although many of the players have participated in games with the Owensdale High School. The game was played in Lewis park and was witnessed by a fair sized crowd. The batteries were, for Scottsdale, Rath, Connors and Mallik; Morgan, Leo and Ray Klingensmith and Robbins.

The Morgan team has organized for the season. The following is the line up: Fielders, Leo Klingensmith, Halsey, Frank Pacey, Klingensmith, A. Thomas, B. Pacey, Frank Kane, pitchers, R. Klingensmith and Halsey; catcher, Robbins. Utility, Montgomery and C. Robbins. Bert Montgomery, a Wooster graduate, and an all around athlete, is captain and manager.

Not a sound penetrated the Stygian darkness nor a north wind rustled the somber sentinels of Hlanuth, draped by the garlands of spring. Over the old north road, even more awe inspiring than that thoroughfare traversed by Lehman Crane through Sleepy Hollow, there appeared a hideous monster, coming first at a dizzy breath. Was the ancient, hunched of Owensdale doomed to destruction? Nay! Nay! Pauline! It was only the new township steam road roller.

The township had decided that they could save time purchasing an engine to do the task that left the soul of youth and anyone else who didn't like work.

William King, James Carlson, Russell Huff and George Anderson, were visiting at Connellsville Saturday evening.

The Owensdale High School is preparing to hold their first commencement exercises. An excellent program has been arranged and a talented exercises will be held in the United Brethren Church.

Mrs. Moser Thomas, who was operated upon at the Mt. Pleasant hospital Saturday, is improving rapidly at home.

### A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS FALLING OUT.

Dandruff now—build later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy scalp and itching, the so-called dandruff and scalp cure you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it dries out again. Nothing can cure scalp cures such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp diseases.

Learning from leading fellow drug gists throughout America that they had found a whitewash cure for dandruff, eczema and all disease of the skin and scalp the Graham Drug Store on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city secured the agency for the remedy. This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin (hair and skin of the dandruff or scalp and by its antiseptic qualities soothe and heal.

Sold and guaranteed by drug gists everywhere and in Connellsville by Graham & Co., Dunbar & D. C. Enson.

Baseball Notes. San Francisco and Portland are having a great fight for the honors in the Pacific Coast League.

Talk about the Brooklyn and Boston have been the regular kind for the Giants so far this season.

Providence is the surprise of the Eastern League. Jimmy Collins has his "Clam-Diggers" going at top speed.

Cleveland came very near stopping Detroit the other day. The "Naps" needed only something like six runs to win.

The two St. Louis teams will have to start something pretty soon or they will be forgotten in the mad scramble.

The Detroit Tigers have a great lead in the American League race and look good enough to hold it for some time to come.

Jimmy Burke and his Indianapolis Indians have found the going pretty tough in the American Association race so far.

Few if any of the major league outfielders have anything on Milan of the Washington team. The Tennessee boy is surely a great fielder.

Major league managers are cutting down their squads and the minor leagues are grabbing the youngsters and veterans as fast as they are released.

Chicago, St. Louis, Cleveland and Boston have not won a game from Pitcher Russell Ford of the Highlanders since the beginning of the season of 1910.

A continued major league story.

COAL PRODUCTION.

In Allegheny County in 1910 Was 18,710,783 Tons.

HARRISBURG, Pa., May 8.—The figures for the soft coal production of Allegheny county during the year 1910, which have been compiled at the State Department of Mines, show that 18,710,783 tons of coal were brought out of the earth at the 120 mines reported as operating in the county.

These figures have been taken from the mine inspection reports and are of considerable interest in showing the large proportion of coal which is mined in that county. The total has been higher in some years, but the production last year runs away up.

Destroying Liquor Craving.

Drunkennes is a progressive disease, the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes a habit, and the disease advances the result is Chronic Alcoholism.

The treatment used successfully by thousands of men in this city is known as the "Orelone" treatment. It is sold with the understanding that if it does not benefit you, you may return your money.

Orelone No. 1, is the secret remedy. Orelone No. 2 is for those willing to take the long term course. Write for free booklet on Alcoholism. The Orelone Company, Orelone Building, Washington, D. C. Sold by leading druggists and in this city by Barker's Pharmacy, 122 South Pittsburg street.

GREEN ROOM CHAT.

THE SOISSON.

The High School Girls. The High School Girls Burlesque Company which is to appear at the Soisson theatre Friday, May 12, is said to be one of the best shows of the kind that will appear here this season. The company comprise a vast number of beauty choruses of 17 dainty misses, three clever comedians, and five principals in the leading parts. "A Day at the Races" and "Hotel Castoria" are the burlesques introduced comedy skits and funny situations. Among the principals are Mattie Ashton, Emma Frankford, Max Allison and Nello Rivers. The Rajah, danced by Mlle Dowagla is of a sensational character, and is a bit where-where presented.

# Summer Sale of White Opens Wednesday at Wright-Metzler's

With beautiful and dainty Underclothes in wonderful variety of charming styles, offering values and service probably not before known.

Also, Fabrics and Garments for Summer Wear, the choicest from each department, priced at the lowest notch for quality that has made the Wright-Metzler Stores famous.

The Wright-Metzler Standard Requires of Underclothes Makers

Desirable materials, selected laces and embroideries, neatest correct styles, distinctness in making, fit and comfortableness

**Quality, First and Last, Is the Keynote of This Sale**  
Large Quantity Purchases Lowered the Prices Without Affecting Our Quality Standard.

If some of the prices are not smaller than last year's we have been able to give greater value for the same money. Again, if some prices are less, it is not at the expense of quality, but because large purchases compelled a concession.

Last year, for instance, we had a certain night gown for \$1.25; this year the same thing, decidedly better in details, is only 98c. Here is another point—for lower priced underclothes we have chosen hemstitched, ruffles and tucks for trimming or a simple scallop.

## 20 Styles Corset Covers—

22c for... 35c Value  
98c for... \$1.25 Value

Muslin Corset Covers, three rows of lace insertion, lace edge and ribbon trimmed, 35c value for... **22c**

Others at 25c, 30c, 35c, 50c, 65c and to 98c.

Muslin, Cambric, long cloth with trimmings of lace, insertion, embroidery and ribbon. No two styles alike. Values better than ever we saw before.

## 14 Styles White Skirts—

3 styles are corset covers and drawers; 5 styles with skirts

A 1613—Corset Cover and Skirt of muslin. Lace and ribbon trimming. \$1.25 value for... **\$1.10**

Others \$1.50, \$1.65, \$2.25.

A2503—Marcella Corset Cover and Drawers. Long cloth trimmed with scalloped edge swiss. \$1.75 value for... **98c**

Others, \$1.25, \$1.35, \$1.50 to \$2.25.

## 20 Styles Night Gown—

39c and to \$1.98 for \$2.50 Values.

Gowns are in all the fabrics from good muslin to soft, clinging nainsook. Some have high necks, long sleeves; others, low, round and square necks; kimono or 3/4 sleeves. Trimmings are mere tucks to lace edges, embroidery and medallion effects. All gowns are ample in width and length. 49c, 98c, \$1.10 up.

## This Summer Sale of White Contains Muslinwear for Everybody

Our January sale of white was scarcely over when we began preparing for the sale that opens Wednesday, this week. To do the under wear business right and get it in line with every other department of high efficiency, we made use of the ideas and criticisms of our customers, as well as the experience gained in past sales. We want to and are going to make this sale the biggest thing of its kind we ever before attempted. The goods and the prices, the service and the two weeks duration will very likely accomplish our purpose.

Underwear for the June bride; and for women who expect to travel and who will need countless inexpensive garments. Underwear for mothers who wish to clothe their little folks as inexpensively and prettily as possible.

Underwear fashioned for graceful, slender figures and also garments of more fulness for those who want them.

Underwear, lace trimmed, embroidery trimmed or just plain, sensibly fashioned hemstitched sorts.

We believe muslin garments of every desired sort is here, better displayed and assorted than at any previous season.

Then comes fabrics for women who are having sewing done at home and who will be glad to buy white goods and embroideries to advantage. Waists, saques, corsets—price cut.

There is an opportunity for housewives to replenish linen closets at close prices.

In a word, this sale is of particular interest to all women who like to be prettily and satisfactorily clothed, and who take pride in their homes.
